REGISTER EDITOR WRITES FOR POST

Associate Editor Vivian Bateman of the Register, this week was recipient of a check from the Saturday Evening Post for a piece she wrote that will appear on the Post Scripts page of the magazine.

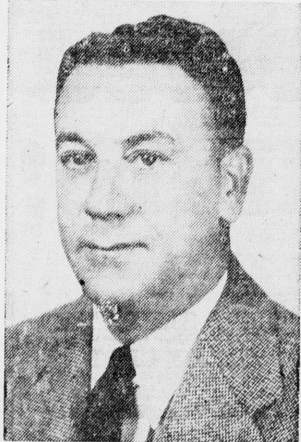

Written in a humorous vein, the piece was originally intended to go into her column in the Register, "Thinking Things Over," but at the suggestion of a friend was sent to the Post.

Mrs. Bateman says: "It must have met the frantic eye of an editor, who, down at the bottom of his manuscript pile, probably grabbed it in desperation."

REGISTER GIVES TOWNSHIP WAR PICTURE REVIEWS WAR AS IT AFFECTED LOCALITIES

As gradually as events transpire, newspapers write history. The history of World War II as it has affected those who live in Washington Township, is recorded in the files of The Register. Let us turn back the pages to the time when . . .

Five days after the war began on December 7, 1941, air raid rulings were established. Jack Vieux was placed in charge of the Township Air-raid Warning Service. By January 1, a nursing service, under the direction of the Alameda County Health Department, was organized with Edna Elbright, local public health nurse.

In January, 1942, Japanese residents co-operated with the sheriff's office by voluntarily turning in 71 cameras and rifles, 1 pistol, and 88 cameras. Other Japanese families organized a Red Cross Auxiliary to assist in the drive which was then in progress to raise funds for the National Red Cross.

In March Mrs. James R. Whipple of Niles was appointed chairman for the 1942 U.S.O. drive, while members of the Junior Chamber of Commerce of Niles began distributing free to motorists stickers which read "Keep It Under 40." In the same month the evacuation order was issued to most of the Japanese residents.

JAPANESE GIFTS

In May the Washington Township Chapter of the Japanese-American Citizenship League, presented District Superintendent A. J. Rathbone with a check for \$250 with which to carry on the annual oratorical awards for the next seven years. They also gave a

check for \$100 to the Township U.S.O. Drive Committee.

Identification cards were issued in July to the 13,000 persons in Washington Township. Chairman of the activity was Mrs. W. L. McWhirter of Centerville. Two weeks later 11,230 pounds of junk metal was gathered for the nation-wide scrap drive.

FIRST BLOOD UNIT

One hundred persons offered their blood when the Oakland Red Cross Blood Procurement Mobile Unit made their first trip to Niles on November 6, and made their headquarters at the Veterans Memorial Building. The Oakland Red Cross Mobile Unit was brought to Niles through the efforts of Frank T. Dusterberry of Centerville. Within the same week the Centerville Area Scrap Drive, sponsored by the Centerville Lions Club with the assistance of the local air-raid wardens, collected 15 tons of scrap metal.

The task of meeting a quota of 30,000 surgical dressings a month was assigned to Mrs. Fritz Waltenberger of Centerville, in November.

In February, 1943, John R. Blawie was named general chairman of the War Chest to help raise money for the American Red Cross.

RIFLE TRAINING

Citizens of the Washington Township Area were given the opportunity to receive rifle marksmanship training in April, under a nation-wide program sponsored by the National Rifle Association with the co-operation of the War Department. The same month the contributions to the Red Cross War (Continued on page 2)

PRICE CEILING ESTABLISHED FOR TOMATO PICKING

United States Department of Agriculture, under authority of the Emergency Price Control Act, has established maximum wage rates for picking tomatoes in several counties, including Alameda.

The rates are 17 cents per 50 lb. field box for picking round tomatoes; 21 cents per 50 lb. box for pear shaped tomatoes.

LOCAL RED CROSS ELECTS OFFICERS FOR THE YEAR

With the exception of two appointments, the staff of officers for the Red Cross was unchanged after the regular election last Tuesday night. The changes affected Mrs. Florence Beardsley, who was appointed to take the place of Mrs. Josephine Morris of Irvington, who resigned from her duties as head of the Red Cross Canteen. Mrs. H. L. Scott of Niles was appointed as head of the Arts and Skills department.

The list of re-elected officers includes chairman, I. R. Sutton; vice chairman, R. F. Blawie; treasurer, L. C. Marriot; home service, Mrs. F. V. Jones; Junior Red Cross, Mrs. Edward A. Ellsworth; home nursing, Mrs. Edgar Dawson; blood donors, Mrs. W. L. McWhirter; disaster relief, J. A. Truscott. Mrs. F. V. Jones heads the volunteer services and is general chairman of the following: canteen, Mrs. G. Beardsley; staff assistant, Mrs. L. E. Bailey; motor corps, Mrs. Peter E. Quartaroli; nurses aides, Mrs. Frank Fields; surgical dressings, Mrs. Fritz Waltenberger, and the Gray Ladies, Mrs. George Bonde.

A resume of the volunteer work completed during the fiscal year includes the following: More than 200,000 surgical dressings were made; 886 blood donations were handled by the blood donor department; staff assistants working at the blood bank and the rationing board served collectively 1677 hours.

Several thousands of doughnuts were served by the canteen to the volunteer workers and blood donors; the home service department, which relays information between the soldiers and their families and helps to arrange emergency furloughs, served 556 hours, made 385 home visits, 156 office visits, and handled 283 cases during the year; the disaster relief department headed by J. R. Truscott, gave lectures in first aid; the camp and hospital department served fruit and other refreshments to the service men at Shoemaker Hospital; the Red Cross Motor Corps transported people to the blood donor center, Shoemaker Hospital, and to the surgical dressing center; the arts and skills department gave weekly instruction to the boys at Shoemaker in drawing, craftsmanship and other work.

The dance committee consists of Ruel Brown (chairman), Lawrence Avilla and J. Turner, president of the firemen's club.

Music will be furnished by Murray Petersen's 10-piece orchestra and girl vocalist. Admission will be \$1.

PRYOR HEARING RESUMES TODAY

Thomas Pryor will come before the Niles Justice Court again today for a continuation of the hearing on his alleged shooting of Arthur Jacobsen of Niles.

Pryor is charged with two counts, assault with a deadly weapon, and having illegally in his possession a weapon capable of being concealed.

Trustees are Mrs. Clarence Crane, Mrs. James Nunes, Mrs. Adeline Santos, Mrs. George Rogers, and Mrs. Mae Moore. Organist is Miss Winifred Dias.

Mrs. Rose Swift was in charge of the refreshments which were served after the installation.

FARM BUREAU SUCCESSFUL IN LEGISLATION

The power and influence of the Farm Bureau in the legislative field is indicated in the fact that 20 of the 27 issues presented to the Legislature this past session have been written into the laws of the state, according to H. C. Underwood, executive secretary of the Alameda County Farm Bureau.

Two measures specifically sponsored by the federation failed of signature by Governor Warren, and five were defeated in the Legislature. Hundreds of measures were supported, amended or opposed by the Farm Bureau.

One of the key measures introduced by the Farm Bureau appropriates \$124,000 to the University of California for additional agricultural extension service in 12 counties.

Other Farm Bureau sponsored measures written into law covered: Continued State tax reductions; University of California Emergency Agricultural Research; State Marketing Act Amendment; Agricultural Prorate Act Amendment; Flood Control; Food and Fiber Labor program; Exchange of Trucks; Bulk Handling of Hay and Grain; Use of Watersheds; Poultry Specimens (Testing of poultry for whole blood agglutination tests by other than licensed veterinarians); Egg Standards; Bonding of Produce Dealers; Soil Conservation.

SURGICAL DRESSING WORKERS, ATTENTION!

Mrs. Fritz Waltenberger would like it known that anyone who has any dresses or smocks at the surgical dressing rooms can call for them at Mrs. Waltenberger's home between Sept. 1 and 15.

Peace Comes Quietly As Township Realizes Debt to Fighting Men

The war is over. And our township boys, like millions of other boys, will be coming home again.

The reaction of Mrs. Nicola Quartaroli of Niles to the war's end was typical of the reaction of many township mothers, wives and sweethearts who have kept long vigil for their boys' return.

STANLEY TO HEAR DECOTO'S WATER PROBLEMS

Officials from the Public Utilities California Corp. and Decoto industries have been invited to the next meeting, September 4, of the Decoto Chamber of Commerce to discuss the water problem.

Chairman Tony Battiste has been appointed to invite representatives of the Pearce Canning Company and the Newcolma mill to attend the meeting.

E. F. Glassbrook, manager of the local water company, Supervisor Chester Stanley, and the Decoto Grammar School trustees have all been asked to attend.

The Chamber of Commerce and their guests hope to reach a solution to the problem of water pressure which, it is said, has increased the hazard of fire throughout the town.

Fire Commissioners Louis Zwissig, Walter Walker, and Antone Amaral will also attend.

ALVARADO WOMAN SELLS LIQUOR TO MINOR

Nellie De LaCruz, operator of Anita's Place in Alvarado, was fined \$75 after pleading guilty in Centerville to a charge of selling beer to a minor.

The minor, an 18-year-old boy, was warned and given a suspended sentence. Prosecuting attorney was Deputy District Attorney Frank Crews.

MOBILE BLOOD UNIT STOPS VISITS HERE

With the end of the war, also comes the end of the visits of the mobile blood procurement to Washington Township, and the date set for the next blood donor day, September 13, is automatically cancelled.

Townshippers can look back with pride to its many blood donors and the large part they have played in saving the lives of our wounded boys. In no other way, perhaps, has the contribution to the war effort been so direct. For each donor felt that he was giving a little bit of himself.

When final statistics are revealed, the number of pints of blood donated in this territory alone, will probably reach staggering proportions. Mrs. W. L. McWhirter, blood donor chairman, announces that final figures will be forthcoming soon.

There will be five centers throughout the country that will continue to procure blood.

PEARCE CANNERY JOINS HAYWARD SOFTBALL LEAGUE

Joel Le Bere, warehouse foreman of the Pearce Cannery Company, announced Monday that the owner of the Pearce Canning Company of Decoto, Johnny Haven, will sponsor a softball team, to play in the Hayward League.

The team will be known as Pearce Canning Company and will be managed by La Bere, who managed the Heald's Business College baseball team while he was attending the school.

The first game will be played in the latter part of August at the Hayward High School.

The team will wear blue and gold jerseys with solid blue caps. Players have not yet been announced.

Civilian consumption of canned fruit juices for the 1945 calendar year is estimated at 10.4 pounds per capita, or about three per cent larger than the 1944 consumption, according to the U.S. Department of Agriculture.

"I was in San Jose," said Mrs. Quartaroli, in her quaint broken English, "at a party at my sister's house, when the whistles blew and the church bells rang. I was just eating my ice cream and cake, but we went to church—quick. I lighted a candle for my son Marino, who is in San Pedro. And I prayed. Then I came home to my sister's again. And we cry and cry. We cry lots. We were so happy. Now our boys will be home again. You will put in the paper that I lighted a candle for my boy?" she asked wistfully, "so he will see it?"

We assured her that we would certainly put it in the paper, so that Marino and other boys in the township who take the paper will know how their loved ones feel about the war's end.

The township folks, in general, celebrated the victory announcement without a great deal of hilarity. Sirens blew, stores closed, and little knots of people gathered in the streets to talk it over.

When asked if there was any rioting going on, Henry Vervais, deputy sheriff replied, "We closed the bars right away — and they stayed closed until Thursday morning—so there wasn't much drunkenness on the streets." To date, he had learned of no windows being broken, nor any accidents, due to celebrating.

As a whole, Washington Township should be congratulated on the way it reacted to victory. It puts to shame San Francisco, which reported deaths, major riots and 600 injuries.

Now that the war is over, the township will no doubt settle down to the sober business of seeing that our boys who return will be given jobs. In due time, memorials will be established for the living and dead who fought in this war. Almost 30 boys of the township (names to appear in the paper at a later date) have given their lives for their country. Their memory will no doubt be honored in an appropriate fashion.

Yes, peace is wonderful. But it is the fervent hope of everyone that there'll be no cause for celebrating it again for many generations.

GROWERS RECEIVE LAST PRUNE CHECKS

E. T. Mather, central representative of the Berryessa Prune and Apricot Association, reported this week that final payments had been made on all crops of the 1944 season, the total payments to prune growers being in excess of ten million dollars.

The final payment, amounting to \$1,700,000, had been mailed to prune growers on July 20. Mather stated that of the total amount \$30,299.71 was distributed to growers in this district.

Thinking Things Over...
By VIVIAN BATMAN

"The war is over," said the editor. "Why do you have that just-going-in-to-battle look on your face?"

"That," I replied loftily, "is because I am going to have fun—a fiendish kind of fun. I am going around to all the stores whose salespeople have said to me sarcastically 'Don't you know there's a war on, Lady?' and I am going to say to them, 'Look, buddy, (or sister), the war is over. Ha-ha. Now start smiling, darn you,—and say 'Thank-You.'"

That does not go for the majority of clerks in Washington Township (who have, in the main, retained their courtesy) but for the sales-people in the cities who have used

the war as an excuse for every kind of rudeness. From now on they'll have to be on their metal, for unemployment will naturally take a rise and competition for jobs will be keen.

HOW TO BE POPULAR

Which reminds us of an article in "Your Life" magazine called "Four Ways to be Popular." It could be read by clerks in stores and by the general public with equally good results. The four ways to be popular, summed up, are:

1. Remember names. School yourself to remember a person's name when you are first introduced.
2. Remember their words. Remember what people say and mention it the next time you see them. People are pleased by it.
3. Take an interest in people. Ask questions, and make mental notes of the things in which others are interested.
4. Pay strict attention when others speak. Never yawn, never look bored, never interrupt.

That last is going to be a very hard thing for me to do. I have a

horrible habit of yawning. I do everything to stifle my yawns—I swallow, press my lip, choke, and gasp. I practically strangle myself. But I still yawn, so I will never be popular. A horrible fate, isn't it?

WAR IN REVIEW
(Continued from page 1)

Chest Campaign totaled \$11,770, according to the Chairman, Frank T. Dusterberry.

In August, Niles Observation Corps proudly announced that 19 of its former members were serving in the Armed Forces. Mrs. Dorothy Neal, chief observer at the post, had served more than 500 hours, while Mrs. Sophie Quartaroli with a total of 438½ hours, and Mrs. Mae Olivera with 436½ hours, were working for the coveted 500 hour pin.

In September, details of the Washington Union High School Cadet Corps were made public by Principal J. V. Gould. He urged boys over the compulsory school age to return to school until called to duty in the armed forces. In that case, seniors were to be granted

diplomas, provided their records were satisfactory.

SURGICAL DRESSINGS

The Production Department of Surgical Dressing in Washington Township in November commemorated its first year in its rooms at the Centerville Grammar School. The number of dressings sent into national headquarters totaled 311,487.

In December, the R.O.T.C. Cadet Corps had enrolled 223 boys and was second in the state with regard to size and scope of the military training program. Uniforms for the cadets had been ordered and were expected to arrive after the Christmas holidays.

In February 1944, the Centerville Lions Club voted to erect a large Township-wide honor roll for local men and women who were serving with the armed forces. Fifteen hundred names were to be inscribed on the wooden framework which was to be erected opposite the Centerville firehouse.

OVER THE TOP

For the first time during the war loan drives, the Washington Township went "over the top" on the Fourth which ended in March. Purchases totaled \$10,000 over the

quota of \$563,000 when it was announced that \$572,918 in bonds had been purchased.

In April, the Niles Boy Scout Troop received a check for \$117 from the Independent Paper Company in San Jose as proceeds from 10 tons of old newspapers, magazines, and cardboard collected by the troop.

The James Graham Manufacturing Company of Newark bought \$50,000 of War Bonds during the Fifth War Loan Drive in June 1944.

September 8, 1944, 164 persons, the greatest number in the history of the Blood Procurement Center of Washington Township, donated their blood to the American Red Cross.

ABOUT MRS. MORENO

On Friday, March 16, 1945, Mrs. Adele B. Moreno, of Westvaco, donated her 16th pint of blood when the mobile unit visited Niles. She was the first two-gallon member to sign the register. During the same week the residents of the Masonic Home in Decoto donated \$500 to the Red Cross War Fund Drive.

In April, E. F. Glassbrook of Niles, was appointed township chairman of the United Nations

clothing drive.

Washington Township grieved with the entire nation on Thursday, April 12, at the death of President Franklin Delano Roosevelt.

The following week the Boy Scouts wound up their paper drive after collecting 36 tons of paper. Niles, Newark, Alvarado and Centerville troops participated in the drive.

V-E DAY

On May 8, V-E Day was announced and observed by special church services throughout the Township.

In June George C. Roeding Jr. resigned his post as chairman of the Niles War Price and Ration Board, after serving approximately three years and five months. Later that month more than \$1500 was raised toward a monument to be dedicated to Decoto service men. Raymond Pagan, who suggested the erection of the monument, was in charge of a committee which hoped to raise the necessary \$3000 for the monument.

In July, Frank Philip Duarte, John Paul Duarte, three-month-old twin sons of Mr. and Mrs. Frank Duarte of Niles, were declared winners in the baby bond contest which had been staged by the women's committee of the Seventh War Loan from Washington Township.

It was in Panama that a European, Balboa, first beheld the Pacific Ocean.

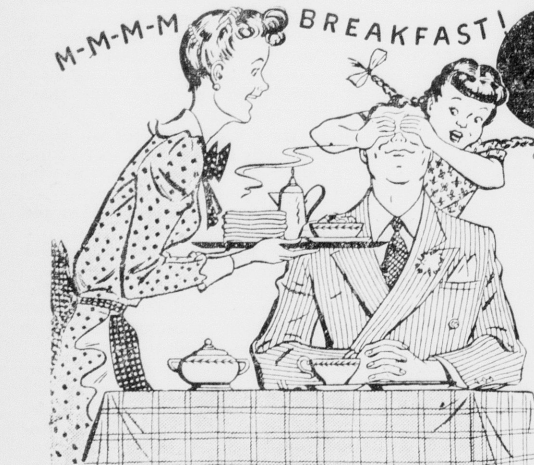

Only U. S. Government employees are allowed to reside in the Canal Zone in Panama.

Lamoreauxs Leave for Trip to Montana

After frugal saving of gas coupons for the past six months so that they could have enough gas for a vacation trip to Yosemite, Mr. and Mrs. W. F. Lamoreaux learned with mixed emotions that gas would no longer be rationed! "Why, we drove the car not more than six miles—and wore our shoes down to the inner soles," said Mrs. Lamoreaux. "But," she added, "we feel fine about it anyhow. Because now, instead of going to Yosemite, we're going to Montana." They will leave tomorrow, (Saturday) for two weeks, that will be spent with relatives. They will drive to Montana by way of Tahoe, and come back through Spokane, so that the small Lamoreauxs—Larry and Mary Lynn—will get a good first-hand knowledge of the geography of our western states.
